

Special Education Policies¹

These policies constitute the basis for operation and administration of the special education activities to be carried out in Otwell Miller Academy under Title 511 Article 7 of the Indiana Administrative Code (hereinafter Article 7) and the Individuals with Disabilities Education Improvement Act (IDEA '04). These local standards and policies have been made available to parents, guardians, and other members of the general public.

It further understands that a special education teacher does not teach core academic subjects if the special education teacher:
 - a. Is a co-teacher who:
 - i. works within the general education setting in which a highly qualified general education teacher provides instruction to the class on core academic elementary content or a core academic middle, junior high, or high school subject; and

It further understands that special education teachers teach core academic subjects when:
 - i. The special education teacher is the primary teacher providing instruction to middle, junior high, or high school students in a core academic subject.
 - ii. The special education teacher team teaches in the general education setting alongside a highly qualified teacher of high school subject, and the teachers share responsibilities for the design and delivery of instruction; and evaluation of student performance.

 - d. A new special education teacher who teaches multiple subjects and is highly qualified in mathematics, language arts, or science, demonstrates, not later than two (2) years after the date of employment, competence in the other core academic subjects in which the teacher teaches in the same manner as is required for an elementary, middle, junior high, or high school teacher under 511 IAC 7-32-44, which may include a single HOUSSE covering multiple subjects.
5. Understands that, notwithstanding any other individual right of action that a parent or student may maintain under Article 7, nothing in this section is construed to:
 - a. create a right of action on behalf of an individual student or class of students for the failure of a public agency employee to be highly qualified; or
 - b. prevent a parent from filing a complaint under 511 IAC 7-45-1 about staff qualifications with the division of special education.
6. Understands that:
 - a. A teacher who is highly qualified under this section is considered highly qualified for purposes of the Elementary and Secondary Education Act of 1965, as amended by 20 U.S.C. 6311 et seq.

- d. Because the early childhood special education program described in 511 IAC 7-36-5 is not part of the state's public elementary, middle, junior high, and high school system, kindergarten through grade 12, early childhood teachers do not have to meet the highly qualified teacher requirements, but they do have to be appropriately licensed.

Assessments of students with disabilities who transfer from one (1) public agency to another public agency in the same school year are coordinated with those students' prior and subsequent schools, as necessary and as expeditiously as possible, consistent with 511 IAC 7-40-5(c)(2), to ensure prompt completion of full evaluations.
 - f. Assessment tools and strategies provide relevant information that directly assists the case conference committee in determining the special education and related service needs of the student.
 - g. Educational evaluations are sufficiently comprehensive to identify all of the student's special education and related service needs whether or not commonly linked to the disability category in which the student has been classified.
6. Ensures that, in conducting the educational evaluation, the multidisciplinary team uses a variety of assessment tools and strategies, as required in 511 IAC 7-41, to gather relevant functional, developmental, and academic information about the student, including information provided by the parent, to assist the case conference committee in determining:
 - a. Whether the student is eligible for special education and related services and

- b. The content of the student's individual educational program, including information related to enabling the student to be involved in and progress in the general education curriculum (or for an early childhood student, to participate in appropriate activities).
7. Evaluates a student with a disability in accordance with the requirements of this 511 IAC 7-40 and 511 IAC 7-41 before a case conference committee can determine that the student is no longer a student with a disability, except when termination of the student's eligibility is due to:
 - a. graduation with a high school diploma as defined in 511 IAC 6-7.1-1(e);
 - b. exceeding the age eligibility under Article 7; or
 - c. a parent's revocation of consent for special education and related services in accordance with 511 IAC 7-42-15.

 9. May provide a student with a summary of performance when the student withdraws from high school after an exit interview is conducted, and the student's parent and principal consent to the withdrawal as specified in IC 20-33-2-28.5(b).

D. Initial educational evaluation; public agency written notice and parental consent

Otwell Miller Academy:

1. Understands that either a parent of a student or a public agency may initiate a request for an educational evaluation to determine if a student is eligible for special education and related services under Article 7. If a parent makes a request for an evaluation after revoking consent for special education and related services in accordance with 511 IAC 7-42-15, the public agency must treat the parent's request for evaluation as a request for an initial evaluation, and the evaluation must be conducted in accordance with this section.
2. Initiates a request for an educational evaluation if a student is suspected of having a specific learning disability because the student has not made adequate progress after an appropriate period of time when provided with appropriate instruction described in 511 IAC 7-41-12(a)(3)(G).
3. Subsequent to a request to conduct an educational evaluation, but before actually conducting the evaluation, provides the parent with written notice as specified in 511 IAC 7-40-4(e) and obtains parental consent as defined in 511 IAC 7-32-17.
4. Understands that a parent's request for an evaluation may be made verbally or in writing and must be made to licensed personnel as defined in 511 IAC 7-32-58.
5. Provides written notice to the parent within ten (10) instructional days of licensed personnel's receipt of the parent's request that includes:

 - c. If it is proposing to conduct the evaluation:

- i. A description of any evaluation procedures it proposes to conduct,

 8. Ensures and documents in writing that, when the native language or other mode of communication of the parent is not a written language, it takes steps to make sure that the notice is translated orally or by other means to the parent in his or her native language or other mode of communication and the parent understands the content of the notice.
 9. Understands that a parent may challenge the public agency's refusal to conduct an initial evaluation by requesting mediation in 511 IAC 7-45-2 and/or a due process hearing in 511 IAC 7-45-3.
 10. Understands that, after receiving the written notice described in paragraphs 5, 6, 7, and 8 above, the parent of the student must provide consent, as defined in 511 IAC 7-32-17, to licensed personnel before it can conduct the initial educational evaluation.
 11. Understands that, at the same time the parent provides consent for the educational evaluation, the parent may request a copy of the educational evaluation report, at no cost to the parent, prior to the case conference committee meeting and/or a meeting with an individual who can explain the results of the educational evaluation prior to the case conference committee meeting.
 12. Understands that it is not required to obtain parental consent:
 - a. To review existing data as part of an educational evaluation.
 - b. To administer a test or other evaluation that is administered to all students unless, before administration of the test or evaluation, consent is required from parents of all students.
 - c. To screen students if a teacher or a specialist is using the information to determine appropriate instructional strategies for curriculum implementation.

14. Does not construe parental consent for an initial educational evaluation as consent for initial provision of special education and related services.
15. For initial educational evaluations only, if the student is a ward of the state and is not residing with the student's parent, is not required to obtain consent as defined in 511 IAC 7-32-17, from the parent for an initial evaluation to determine whether the student is a student with a disability if:
 - a. despite reasonable efforts to do so, it cannot discover the whereabouts of the parent of the student;
 - b. the rights of the parents of the student have been terminated in accordance with state law; or
 - c. the rights of the parent to make educational decisions have been subrogated by a judge in accordance with state law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the student.
16. Understands that, if the parent of a student enrolled in public school or seeking to be enrolled in public school does not provide consent for an initial educational evaluation under 511 IAC 7-40-4 (i), or the parent fails to respond to a request to provide consent, it may, but is not required to, pursue the initial educational evaluation of the student by utilizing mediation in 511 IAC 7-45-2 and/or requesting a due process hearing in 511 IAC 7-45-3.
17. Understands it does not violate its obligations under Article 7 if it declines to pursue the educational evaluation.
18. Understands that if a parent of a student who is parentally-placed in a nonpublic school, including a home school, does not provide consent for the initial evaluation or the reevaluation, or the parent fails to respond to its efforts to obtain consent, it may not pursue the initial educational evaluation of the student by utilizing mediation in 511 IAC 7-45-2 or requesting a due process hearing in 511 IAC 7-45-3 and is not required to consider the student as eligible for special education and related services under 511 IAC 7-34.

E. Conducting an initial educational evaluation

Otwell Miller Academy:

1. Conducts a comprehensive and individual educational evaluation, after a parent has provided consent, as defined in 511 IAC 7-32-17, in accordance with the requirements of 511 IAC 7-40 and 511 IAC 7-41.
2. Ensures that the educational evaluation is conducted by a multidisciplinary team that prepares an educational evaluation report addressing the necessary components of evaluation specific to each suspected disability set forth in 511 IAC 7-41.

3. Ensures that the multidisciplinary team's report is utilized by the student's case conference committee to determine eligibility for special education and related services and, if a student is found to be eligible, to inform the student's case conference committee of the student's special education and related service needs.
4. Ensures that the educational evaluation is conducted by a multidisciplinary team, which is a group of qualified professionals who conduct a student's educational evaluation with input from the student's parent. It further ensures that the qualified professionals include, but are not limited to:
 - a. at least one (1) teacher licensed in, or other specialist with knowledge in, the area of suspected disability.
 - b. a school psychologist, except for a student with a suspected:
 - i. developmental delay, in which case the multidisciplinary team is at least two (2) qualified professionals from different disciplines based upon the needs of the student;
 - ii. language impairment, a speech-language pathologist and at least one (1) qualified professional from a different discipline based upon the needs of the student; or
 - iii. speech impairment only, a speech-language pathologist may serve as the sole qualified professional on the multidisciplinary team.
 - c. For a student with a suspected specific learning disability:
 - i. The student's general education teacher or, if the student does not have a general education teacher, a general education teacher qualified to teach students of the same age.
 - ii. For early childhood students, an individual who holds an appropriate license to teach early childhood special education.
 - d. For a student who is blind or has low vision, deaf or hard of hearing, or has suspected multiple disabilities, it may request that representatives of the state-operated schools serve as part of the multidisciplinary team only if the parent has provided written consent, in addition to the written consent to conduct the initial educational evaluation, for the representative's participation in the educational evaluation.
5. Ensures that, as part of the educational evaluation, the multidisciplinary team, with or without a meeting:
 - a. Reviews existing evaluation data on the student, including evaluations and information provided by the parents of the student, current classroom, local, and state assessments, and classroom based observations and observations by teachers and related services providers.
 - b. On the basis of that review, and input from the student's parents, identifies the suspected disability or disabilities, any additional data, as described in 511 IAC 7-41, that is required for the student's case conference committee to determine eligibility or the student's special education or related service needs
 - c. Obtains information for the case conference committee to use in making determinations under 511 IAC 7-40- 6(b)(1).
6. Conducts the initial educational evaluation and convenes the case conference committee within fifty (50) instructional days of the date its licensed personnel receives the written parental consent **except**:
 - a. When a student has participated in a process that assesses the student's response to scientific, research based interventions described in 511 IAC 7-40-2, in which case the time frame is twenty (20) instructional days.
 - b. When a child is transitioning from early intervention (Part C) to early childhood special education (Part B), in which case the evaluation is completed and the case conference committee convened to ensure that the child receives special education services by his or her third birthday.
 - c. When the parent of a student repeatedly fails or refuses to produce the student for the evaluation.

- d. When a student enrolls in a school of another public agency after the relevant time frame in 511 IAC 7-40-5(a) has begun, and prior to completion of the evaluation, if the subsequent public agency is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and subsequent public agency agree to a specific time when the evaluation will be completed.
7. Ensures that, after an educational evaluation has been completed, the multidisciplinary team compiles the team's findings into an educational evaluation report.
 8. Ensures that, for a student with the suspected disability of autism spectrum disorder, the educational evaluation report includes the results of the multidisciplinary team's assessments, observations, and collection of information as aligned to the characteristics of autism spectrum disorder.
 9. Ensures that, for a student with a suspected learning disability, the educational evaluation report includes:
 - a. Documentation of the requisite notice and notice content as described in 511 IAC 7-40-2(f) for a student who has participated in a process that assesses the student's response to scientific, research based interventions
 - b. The instructional strategies used and the student centered data collected.
 - c. A synthesis of the required educational evaluation components in 511 IAC 7-41-12 in relationship to:

 1. The student does not make sufficient progress to meet age or state grade level standards in one (1) or more of the areas identified in 511 IAC 7-41-12(a)(1) when using a process based on the student's response to scientific, research based intervention OR
 2. The student exhibits a pattern of strengths and weaknesses in performance or achievement, or both, relative to age, state grade level standards, or intellectual development, that is determined by the multidisciplinary team to be relevant to the identification of a specific learning disability. The multidisciplinary team is prohibited from using a severe discrepancy between academic achievement and global cognitive functioning to meet this requirement.
 - ii. The effects of any of the following factors on the student's achievement:
 1. Visual, hearing, or motor disability.
 2. Cognitive disability.
 3. Emotional disturbance.
 4. Cultural factors.
 5. Environmental or economic disadvantage.
 6. Limited English proficiency.
 - iii. Whether the multidisciplinary team believes the student has a specific learning disability and the basis for having that opinion. The opinion of the multidisciplinary team is utilized by the case conference committee to determine whether the student is eligible for special education. Each member of the multidisciplinary team certifies in writing whether the educational evaluation report reflects the member's opinion. If the report does not reflect the member's opinion, the member submits a separate statement presenting the member's opinion.

10. Provides a copy of the educational evaluation report at no cost to the parent at least five (5) instructional days prior to the scheduled case conference committee meeting if the parent has made such a request pursuant to 511 IAC 7-40-4.

12. Provides a copy of the educational evaluation report at no cost to the parent at the case conference committee meeting if the parent has not requested a copy of the report or a meeting to explain the evaluation. If the student is parentally-placed in a nonpublic school, the public agency also provides a copy of the educational evaluation report at no cost to the nonpublic school representative.

F. Determination of eligibility

Otwell Miller Academy:

1. Convenes a case conference committee meeting upon completion of the educational evaluation to determine whether the student is eligible for special education and related services, and, if eligible, the special education and related services necessary to meet the educational needs of the student.
2. Ensures that the case conference committee does not determine that a student is eligible for special education and related services under Article 7 if:
 - a. The determinant factor is:
 - i. a lack of appropriate instruction in reading, including the essential components of reading instruction, which means explicit and systematic instruction in:
 1. phonemic awareness;
 2. phonics;
 3. vocabulary development;
 4. reading fluency, including oral reading skills; and
 5. reading comprehension strategies;
 - ii. lack of appropriate instruction in math; or
 - iii. limited English proficiency; and
 - b. a student does not otherwise meet the eligibility criteria under this rule and 511 IAC 7-41.
3. Ensures that:
 - a. When determining eligibility for special education and related services, the case conference committee considers all of the information contained in the educational evaluation report; and does not rely on any single measure or assessment as the sole criterion for determining eligibility or appropriate educational services.
 - b. If the case conference committee determines that the student only needs a related service, but not special education, it does not determine that the student is eligible for services under Article 7.
 - c. If the case conference committee determines that a student is eligible for special education and related services, it develops an IEP that meets the special education and related service needs of the student in accordance with 511 IAC 7-42.

G. Independent educational evaluation

Otwell Miller Academy:

1. Understands that “independent educational evaluation” means an evaluation conducted by a qualified evaluator whom it does not employ and upon a parent’s request for an independent educational evaluation, provides the parent with information about where an independent educational evaluation may be obtained and its criteria applicable to independent educational evaluations as described in subsection 511 IAC 7-40-7(h).
2. Understands that the parent has the right to an independent educational evaluation if the parent disagrees with the evaluation conducted by the public agency and that it either pays an independent evaluation or otherwise ensures that it is provided at no cost to the parent.
3. Notifies the parent in writing within ten (10) business days of receipt of a parent’s request for an independent educational evaluation that it will pay for the independent evaluation **or** initiates a due process hearing within the same time period to show that its evaluation is appropriate.
4. May ask the parent why the parent objects to its evaluation, but does not require the parent to provide an explanation and does not unreasonably delay providing the independent evaluation at public expense or initiating a due process hearing as a result of the parent's response or lack of response.
5. Understands that a student's parents are entitled to only one (1) independent educational evaluation at public expense each time it conducts an educational evaluation with which the parent disagrees.
6. Understands that:
 - a. If it initiates a hearing to determine the appropriateness of its educational evaluation, and the hearing officer determines that the evaluation conducted by the public agency is appropriate, the parent may still seek an independent evaluation, but at the parent's expense.
 - b. If the parent obtains an independent evaluation at public expense or shares with the public agency an independent educational evaluation obtained at the parent's expense, the case conference committee will consider the results of the evaluation (if it meets the public agency's criteria) in any decision made with respect to the provision of a free appropriate public education to the student; and may be presented by any party as evidence at a due process hearing regarding the student.
 - c. In a due process hearing under 511 IAC 7-45-3 through 511 IAC 7-45-8 on the issue of the public agency’s reimbursement of the parent’s expense for an independent educational evaluation, an independent hearing officer cannot order reimbursement for the evaluation if the hearing officer determines that the evaluation obtained by the parent did not meet the public agency's criteria.
 - d. If an independent hearing officer requests an independent educational evaluation as part of a due process hearing, the cost of the evaluation is at public expense.
 - e. If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the evaluator must be the same as it uses when it initiates an educational evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation.
 - f. It may not impose any criteria, conditions, or timelines, except those described in 511 IAC 7-40-7(j) related to obtaining an independent educational evaluation at public expense.

H. Reevaluation

Otwell Miller Academy:

2. Considers reevaluation for each student receiving special education and related services at least once every three (3) years, but understands that reevaluation need not occur if the parent and the public agency agree that it is unnecessary.
3. Considers reevaluation if it determines, at any time during the three (3) year cycle, that additional information is needed to address the special education or related services needs of the student or if the student's parent or teacher requests reevaluation.
4. Does not consider the following procedures as reevaluation:

In addition, it does not permit a reevaluation to reestablish eligibility to occur more than once a year, unless the parent and the public agency agree otherwise.
6. Conducts a reevaluation and convenes the case conference committee within 50 instructional days of the date that parental consent for the reevaluation is received by licensed personnel when the case conference committee determines or the parent or teacher requests a reevaluation to determine if the student is eligible for special education under a different or additional eligibility category or to inform the case conference committee of the student's needs.
7. Before it reevaluates or refuses to reevaluate a student, it provides the student's parent with a written notice that includes:
 - a. A statement that it is proposing or refusing to reevaluate the student that includes a description of each evaluation procedure, assessment, record, or report it used as a basis for proposing or refusing to reevaluate the student.
 - b. A description of other factors relevant to the public agency's proposal or refusal to reevaluate the student.
 - c. If it is proposing to reevaluate the student, a description of the reevaluation process and the timeline for conducting the reevaluation and convening the case conference committee meeting.

10. Understands that a parent may challenge the public agency's refusal to conduct an initial evaluation by requesting mediation in 511 IAC 7-45-2 and/or a due process hearing in 511 IAC 7-45-3.
11. Understands that, after receiving the written notice described in paragraph 7 above, the parent of the student must provide consent, as defined in 511 IAC 7-32-17, to licensed personnel before it can conduct the reevaluation.
12. May pursue mediation and/or a due process hearing pursuant to 511 IAC 7-45-2 and 7-45-3 if the parent refuses to consent to the reevaluation and understands that it does not violate its obligations under Article 7 if it declines to pursue either of these options.
13. Does not need to obtain written parental consent before conducting the reevaluation if it has made reasonable efforts to obtain the consent and the parent fails to respond. It keeps a record of its attempts to obtain parental consent, including:
 - a. detailed records of telephone calls made or attempted and the results of the calls,
 - b. copies of correspondence sent to the parent and any responses received, and
 - c. detailed records of visits made to the parent's home or place of employment and the results of those visits.

 - a. Review existing evaluation data on the student, including evaluations and information provided by the parents of the student, current classroom based, local, or state assessments, and classroom based observations, and observations of teachers and related services providers.
 - b. On the basis of that review, and input from the student's parent, identify what additional data, if any, are needed to determine:
 - i. whether the student continues to have a disability as described in 511 IAC 7-41 and the special education and related service needs of the student,
 - ii. the present levels of academic achievement and functional performance and related developmental needs of the student,
 - iii. whether the student continues to need special education and related services, and

- iv. whether any additions or modifications to the special education and related services are needed to enable the student to meet the measurable annual goals set out in the student's IEP and/or participate, as appropriate, in the general education curriculum.
15. Notifies the parent in writing if the case conference committee and other qualified professionals, as appropriate, after reviewing existing evaluation data as described in 511 IAC 7-40-8(l), determine that no additional data are needed to determine whether the student continues to be eligible for special education and to determine the student's special education and related service needs and ensures that the written notice describes:
 - a. The determination and the reasons for the determination, and
 - b. The parent's right to request an assessment to determine whether the student continues to be eligible for special education and/or the student's special education and related service needs.
 16. After providing the notice described in paragraph 15 above, does not conduct a reevaluation assessment unless requested to do so by the student's parent.
 17. Administers appropriate assessments and other evaluation measures necessary to produce the additional data determined necessary by the case conference committee and other qualified professionals, as appropriate, after their review of existing evaluation data as described in paragraph 14 above.

B. Blind or low vision

1. Understands that "Blind or low vision", which may be referred to as a visual impairment, means a disability that even with best correction affects the student's ability to use vision for learning, which adversely affects the student's educational performance. It understands that the term includes a reduced ability or a complete inability to utilize the visual system to acquire information and may include or be limited to a reduction in field of vision.
2. Ensures that eligibility for special education as a student who is blind or has low vision is determined by the student's case conference committee and that the determination is based on the multidisciplinary team's educational evaluation report described in 511 IAC 7-40-5(e), which includes:
